With over 15 years of experience serving the children of Idaho, we offer flexible schedules, a fun and rewarding work environment, continuous office support, and opportunities for creativity and mentorship.

Recreational opportunities are endless with world class biking, river sports, skiing, and snowboarding. Local lakes, mountains and National Parks (Yellowstone, Grand Teton National Park and Sawtooth National Recreation Area) offer destinations for hiking and camping. A thriving local restaurant scene, regional shopping, arts and music venues offer time for relaxation. The Idaho Falls Regional Airport offers easy access to any city in the world. Idaho Falls is the regional medical hub for Idaho, Western Wyoming and Southwest Montana. A low cost of living, affordable housing and strong sense of community all contribute to this being your dream job.

Connections is the area's premier source for speech, occupational, and physical therapy. We offer an innovative, flexible work environment, with competitive therapy wages. We are committed to helping all patients, children through adults, become successful. We work closely with families, physicians and healthcare providers to coordinate therapy services. We provide individualized therapy for each patient with the best possible outcomes. We have a large staff of professionals who are a great resource for you to grow and learn in your field. We offer therapy at four clinic locations and also have school district opportunities.

About Connections Therapy Centers

Connections Therapy Centers offer speech, occupational and physical therapy for children and adults all under one roof. We offer an innovative, flexible work environment with competitive therapy wages. Our brand new 24,000 square foot clinic in Idaho Falls embraces the latest in technology and design all centered on patient care. This new, state-of-the-art clinic is the first of its kind in the Intermountain West.

Connections has been the leading provider of Speech and Language, Occupational and Physical Therapy in eastern Idaho for 15 years. We serve thousands of families in our clinics in Idaho Falls, Rigby, Rexburg and Blackfoot. Connections is locally owned and operated.
